DESIGN AND FUNCTIONALITY

The R5 Work.cab slide is the original blockbuster for cabinets with sliding doors that was introduced by Ragnars.Design 2001. Since then, the employees many thousands offices appreciates the design and functionality of the R5 Work.cab slide.

The general design characteristic of R5 Work.Cab slide is that the sliding doors conceal panel ends with a handle in massive aluminium. This contributes to the clean and minimalist appearance.

Because the sliding doors of the Work.Cab Slide both save space and are quiet, the cabinet can even be placed in narrow spaces in activity based offices.
