Ramos&Bassols

After several years of experience in different fields such as urban furniture, tableware, lighting and office furniture, etc... David Ramos and Jordi Bassols have created in 2004 Ramos + Bassols studio.

Based in Barcelona, they offer a personal view on contemporary design. "We always search the balance between form, function and aesthetics in our products". In the last years, the studio has received several international awards such as: Hospitality Design Product 2010, International Interior Design Association 2010 award, The IF Design award 2015, the Red Dot Award 2015, and the Gold award Best of Neocon in 2016.

COPA

Comfort at first sight

Collection designed by Ramos&Bassols, 2019

“The simplicity, the contemporary design of its chairs and armchairs comes from the hand of bases that have the precise material to define the use and the function, free of all unnecessary adornment.”

Designed by Ramos&Bassols, the Copa family joined to the collection to represent the best version of comfort. Moreover, in very little time it has managed to become one of our best sellers. It has home friendly shapes, elegant lines for office environments and especially sensual for spaces dedicated to hospitality. Its generously proportioned seat has been able to convince all kinds of audiences. This is so because, visually, its design is a promise of comfort. It is the headline of a story that was just coming up.

Copa collection with multiple finishes and legs

COPA WOODEN BASE

The combination of effortless forms and subtle details in turn results in a very balanced design with little extravagance. The Ramos&Bassols studio has conceived this multi-purpose seat as the perfect ally when looking for comfort in the work space.

Set of Copa chairs wooden legs stained in ash and Burin table lacquered in black

Copa chairs with pyramid swivel base and Cambio table with double base

Copa chair, four wooden legs and Burin table

COPA SOFT

Meet the Copa Soft, with a silhouette that is even more comfortable, inviting and enveloping for the collection of wide and finely balanced collaborative seats designed by Ramos & Bassols. Copa evolves as a tribute to extreme comfort, making users want to collaborate and remain seated for hours.

We incorporate a two-tone backrest to the collection, offering the possibility of combining leather and eco-leather on the exterior with any of the fabrics in our range in the interior part, enhancing its uniqueness.

The Copa Soft is incorporated to all the pieces in the collection - chair, lounge chair and stool in counter & bar height - and can be combined with any of the available bases. A versatile design without stridency, prepared to be part of new and exciting ancillary projects all around the world.

“Its “soft” upholstery is pure sophistication, managing to convince the users at first sight and also fulfilling its promise the moment they finally sit down on it.”

Now available with
upholstered legs in
leather or ecoleather

Copa chairs, with four upholstered
wooden legs in leather
